Richlands' Clinch River Pedestrian Walkway Extension Conceptual Design

FINAL DESIGN CONCEPTS
Supply Yard Parking Lot

Richlands Walking Trail Extension
September 24, 2013
Final Concept: Supply Yard Parking Lot

- Permeable environmentally-friendly parking surface
- Parking lot and trail head provide a place for people to access the walking trail
- Kiosks for orientation along the trail in accordance with CRV sign standards
- Views of downtown and river
- Connection to the walking trail for nearby communities
- Potential for historic details to be incorporated into site materials
